

Institute of Engineering & Technology

COURSE CODE - 3VLRC4

COURSE NAME- Construction Materials and Technology

TIME: 3 Hr.

BRANCH: Civil Engg. III SEM

M.M: 60 marks

Note: Attempt all Questions.

- Each Question carries equal marks as mentioned.
- Assume any missing/suitable data and mention it clearly.

UNIT- I

Note: attempt any two (6 Marks each)

- 1) What are the different field tests conducted on Bricks to assess the quality.
- 2) Explain Slaking and hydration in Lime.
- 3) Explain special types of mortars.

UNIT- II

Note: attempt any one (12 Marks each)

- 1) Explain defects in timber due to Insects and natural forces.
- 2) Write any 7 types of Glass and their uses.

UNIT- III

Note: attempt any one (12 Marks each)

- 1) Explain Compressive Strength test on concrete with procedure.
- 2) What do you understand by segregation and Bleeding in concrete and what are causes and remedial measures.

UNIT- IV

Note: attempt any two (6 Marks each)

- 1) Define pointing. Explain different types of pointing.
- 2) Explain whitewashing, colourwashing and write their advantages.
- 3) Explain any six types of Paints and their Applications in Construction.

UNIT- V

Note: attempt any two (6 Marks each)

- 1) What is shallow foundation? Explain any one in detail with neat sketch.
- 2) Write names of different types of Doors Used in Building Construction. Explain any four.
- 3) Explain stretcher bond and Header bond with neat sketch.
